

Talented Diagnostic Imaging Professionals are Invited to Join Our Team in Calgary!

Calgary provides a full spectrum of Diagnostic Imaging specialties including Cardiac Imaging. We are looking for Technologists in the following modalities, MRI including Cardiac MRI, Nuclear Medicine, Cardiac SPECT Nuclear Medicine, CT, Interventional Radiology, and General Radiology. Our challenging work environment provides support and opportunities for personal achievement and career growth.

With the upcoming opening of the South Health Campus in 2012, numerous opportunities are available throughout the Calgary Zone.

Discover a special community in Calgary offering you a lifestyle and standard of living second to none. Alberta does not charge retail sales tax and boasts the lowest personal income tax of any province in Canada. Calgary is a world-class city rich in arts, culture and entertainment. It's a vibrant centre surrounded by majestic mountains and sparkling rivers that attract outdoor lovers from around the world. Calgary's population creates a stimulating and diverse culture that fuels the city's dynamic spirit.

Alberta Health Services rewards staff with highly competitive salaries. A variety of incentive programs such as relocation packages and temporary accommodation assistance may be available to assist in facilitating your move.

Qualifications:

- Current registration/eligible for registration with the Alberta College of Medical Diagnostic and Therapeutic Technologists (ACMDTT)
- Graduate from a CAMRT recognized training program or two years of relevant Canadian experience

Take advantage of this exciting opportunity and join our team!
