

Medical Imaging Consultants (MIC) is Canada's largest radiology partnership formed in 1996 through the merger of 4 radiology practices.

We are committed to Radiologist and Technologist education and professional development and proudly demonstrate this commitment as the Platinum Sponsor of the 2010 ACMDTT Conference.

MIC owns and operates seven diagnostic imaging clinics in the Edmonton area and provides a full range of medical diagnostic imaging services to the University of Alberta, Stollery Children's, Royal Alexandra, Grey Nuns and Sturgeon General Hospitals.

Our Partnership of 73 radiologists and 7 associate radiologists, together with approximately 350 technical and support staff provide the highest standard of care in a professional and friendly atmosphere.
